## Carbon Monoxide Reminder

Grey Highlands Fire and Emergency Services encourages residents to install and maintain CO alarms and inspect fuel burning appliances annually.

If you have fuel burning appliance (such as a fireplace or furnace), or if you have an attached garage, the Ontario Fire Code requires you to install and maintain a carbon monoxide alarm. Carbon monoxide alarms provide the only warning of dangerous carbon monoxide gases in your home. Carbon monoxide is often referred to as the "Silent Killer" as it is an invisible, odorless, and lethal gas.

To protect yourself and your loved ones install a carbon monoxide alarm outside of sleeping areas in your home, and have fuel burning appliances inspected annually by a certified technician.

## Municipal Winter Snow Clearing Operations

A friendly reminder that vehicles are not permitted to park on any street, municipal parking lot or road allowance between the hours of 2am and 7am during the winter season (November 15 to March 31)  
Bylaw 2007-84  
Highway Traffic Act, RSO 1990
