Important Fire Safety Reminders

Grey Highlands Fire and Emergency Services remind everyone about Fire Safety during the Winter Months.

- Ensure smoke detectors and carbon monoxide detectors are installed and tested.
- Be prepared for power outages - use flashlights not candles.
- Turn off portable heaters when you leave the room or go to bed.
- Have heating equipment and chimneys cleaned and inspected every year by a professional.
- Generators should be used outdoors. Keep them away from windows and doors. Do not run a generator inside a garage even if the door is open.

More tips can be found on the municipal Facebook page.
